Portfolio: <http://mchaperc.github.io/portfolio/>

Experience

Interaction Engineer, BenefitFocus Greenville, SC — 2015-Present

- Developed features to expand functionality of core products through R&D initiatives
- Built demos that were presented at BF's annual conference for all current/prospective customers ("One Place")
- Led the UI effort of switching some of BF's largest clients to the "new UI"

Co-Founder, Software Juice, LLC Greenville, SC — 2015-Present

- Active in all facets of the creation of custom software from initial client contacts to delivery of a finished product

Director of Bands, Union High School Union, SC — 2012-2015

- Responsible for all facets of administration of an educational organization including: staff (full-time, part-time, and volunteer), budgeting, logistics, instruction, and creative process
- Under my direction, the programs received numerous state, regional, and national awards.

Executive Director/Chairman, Catalyst Percussion, Inc. Spartanburg, SC — 2010-2012

- Led instruction of, composed for, supervised instructional staff for, and steered decision-making for the non-profit Catalyst Percussion.

Education

The Iron Yard Front End Engineering - 2015

Converse College Master of Music — 2010

North Greenville University Bachelor of Arts in Music Education (Instrumental) — 2007
